

2018 DIGEST NORTH AMERICA CONTINENTIAL ACE AWARDS

The Digest is proud to announce the highest level of racing pigeon awards for outstanding performances in North America. Those who win AU, IF or CU awards only win those awards against other members of their organizations. The Digest Ace Loft and Bird Awards are the only award series where members of the AU, IF and CU compete against members of all three organizations under a uniform set of rules and calculations.

(Preliminary Results to be final on June 1, 2019 pending challenges)

2018 DIGEST GRAND CHAMPION ACE LOFTS

In this age of specialization, this award is given to the lofts which have shown high achievement by winning ACE Loft Awards in BOTH old bird and young bird racing.

Honorable Mention: Denny Mosher, Andalusia, IL. He was flying with the Corn Country Combine but unfortunately the Combine only flew one race over 251 miles, and although he won that race, he could not qualify for the Digest Ace YB Loft despite a spectacular race season.

Honorable Mention: Robert Bankard, Sykesville, MD. He was flying with the United Pigeon Combine. The United Pigeon Combine has a 3 bird clocking limit, therefore a clocking

limit penalty has been applied to the race sheet position because it is impossible to determine the bird's actual earned position in the race.

Honorable Mention: Guillermo Valasquez, Riverside CA. Due to a bird flu quarantine, he was unable to fly 2 races over 251 miles, which is necessary to qualify for a Digest ACE YB Loft.
